## PAY TRIBUTE TO A. R. DORSON AT LUNCHEON

Associates of Alfred R. Dorson, for 3 years connected with the Gettysburg Furniture Companies, gathered at noon today at the Hotel Gettysburg for a farewell luncheon marking Mr. Dorson's retirement from the companies.

S. Richard Lemberg, general manager of the Gettysburg Furniture Companies, pointed out: "We seldom see Mr. Dorson, for his work has been in the metropolitan centers. But since he joined the firm as a salesman in New York 38 years ago, he has labored long and well for the furniture factories here. We would prefer that he could remain with us, but he has decided to retire and he has certainly merited the right to take things a little easier. It will be extremely difficult to replace a man of the character of Mr. Dorson, whose work has been invaluable in the disposition of the furniture made here in the past 38 years."

### Moves To Arizona

Mr. Dorson plans to move to Tucson, Ariz., where he will build a home and may "engage in local endeavor in that city." He promised to be "a one man publicity committee for Gettysburg in Tucson."

In paying tribute to Mr. Dorson, General Manager Lemberg said: "He has built up a following of friendship based on his integrity and character which have been outstanding in the trade. He has been one of the leading men in his field and has done much for the industry as a whole and has contributed much to the growth of the Gettysburg furniture factories."

Both Dorson's present and past employers were present for the dinner, present General Manager Lemberg and past General Manager M. C. Jones.

## Reds Killed 1 Man A Mile On Death March

**FREEDOM VILLAGE, Korea (AP)**—A liberated American prisoner told today of a "murder a mile" death march in North Korea as a column of prisoners were taken north in late 1950 by a North Korean commander they called "the Tiger."

"We lost a man a mile for at least 70 miles by murder," said Pfc. James R. Hunt of Russell, Pa. Hunt said that when a prisoner would drop out of the column "he would be shot." And the Tiger was "responsible for the killings."

"He personally shot an Army lieutenant and the whole column of us witnessed it."

Hunt said the Tiger blindfolded the lieutenant and shot him with a pistol because one man in the lieutenant's section fell behind.

Hunt was captured July 1, 1950, about three weeks after the outbreak of the war, while serving with the U. S. 24th Division.

Hunt estimated that only about 200 to 210 of 723 prisoners reached Camp 3 near Changsong.

**Prisoners Were Stoned**  
Many died of disease and wounds, but the others were murdered, Hunt said.

When the marching prisoners reached Seoul, Hunt said the Communists "made us march in the streets for the benefit of the people."

He said Korean people in Seoul were "mostly laughing" but that in Nampo the spectators stoned the Americans. It was at Nampo, Hunt said, that the Tiger took command of the marching column.

Hunt said also that he had seen the bodies of dead Americans tied on Communist tanks. He said he saw this after the tanks had been knocked out and that he didn't know whether the Americans were dead before they were tied to the tanks and the tanks knocked out.

## McDermitt Mass Monday At 9 A.M.

The requiem mass for Francis F. McDermitt, 72-year-old former Adams County lumberman and farmer and later road employee, who was fatally injured when struck by a train near his home in New Cumberland Wednesday morning, will be held at 9 o'clock Monday morning in St. Ignatius Loyola Catholic Church, Buchanan Valley, with the Rev. Fr. Raymond Dougherty, assistant rector, officiating.

The mass will follow a meeting at the Bender Funeral Home at 7:45 o'clock Monday morning. Interment in the church cemetery.

tholomew, who served for the last two years. The society's constitution puts a two-year limit on the president's tenure of office. Russell S. Hackman, Biglerville, is the vice president.

Completing an election held earlier in the summer, Hugh C. McIlhenny was named secretary to succeed Mrs. Henry T. Bream.

### \$1,880 From Seal Sale

The report submitted by the assistant treasurer, Miss Elizabeth Evans, showed the society netted \$1,880.40 from the spring sale of Easter Seals. The gross amount was \$2,474 with \$593 going to the state and national organizations.

Expenditures from the society's treasurer since the last board meeting included \$320 to send two county girls to Camp Easter Seal, near Somerset, and \$300 to send a boy to (Continued on Page 3)

## Tank Corps Captain Is Visiting Here

Capt. Grover C. Brandt, USA, retired, of Pass Christian, Miss., is spending a few days in Gettysburg visiting his mother-in-law, Mrs. Charles H. Pfeffer, Steinwehr Ave. He was one of the original Second Lieutenants who reported to Captain Dwight D. Eisenhower upon the opening of Camp Colt here in 1918.

Captain Brandt married Miss Mary Pfeffer that year and since his retirement, they have made their home on the Gulf Port of Mississippi. Captain Brandt is a correspondent for local and metropolitan newspapers in the Gulf Port area.

**Accident Victim Buried At Chapel**  
Funeral services were held Wednesday for Miss Barbara A. Klunk, 20, Baltimore, daughter of Albert J. Klunk and the late Hilda Hyde Klunk, formerly of Edge Grove. Miss Klunk was fatally injured in a motorcycle accident in Baltimore Sunday and died on Monday.

In addition to her father, she leaves her stepmother, Mrs. Erma Sheridan Klunk; her paternal grandparents, Mr. and Mrs. Joseph Klunk, Hanover R. 4, and maternal grandmother, Mrs. Effie Hyde, Hanover.

A requiem mass was celebrated Wednesday at 9 a.m. in the Shrine of the Sacred Heart, Mt. Washington, Baltimore. Burial was in Cone-wagon Chapel Cemetery.

## HEART DRIVE NETTED \$2,403 IN THIS COUNTY

The 1953 campaign of the Adams County Heart Association yielded \$2,403.00 in contributions, it was announced today by C. A. Willis, president of the association.

Campaign expenses were held to \$374.25 and \$961.20 was contributed to the Pennsylvania and the American Heart Associations for clinics and national research work.

The local association purchased five additional hospital beds with inspring mattresses and 14 bedside commodes which are located in various sections of the county for home use of cardiac patients. This equipment cost \$755.78. This brings to more than \$2,000 the amount that has been expended for beds and commodes for home use.

President Willis expressed his appreciation of the support given the annual heart campaign and the expressions of appreciation that have been received from people all over (Continued on Page 3)

**Seven Nations Are Rushing Emergency Aid To Earthquake-Stricken Ionian Isles; Death Toll May Exceed 1,000; Fire, Misery Spread**

**PATRAI, Greece (AP)**—Eleven more earth tremors shook the Ionian islands of Kefallinia, Ithaca and Zakynthos today. Landslides, fire and death continued to stalk the survivors, already stricken by modern Greece's worst earthquake disaster.

By ALLAN JACKS  
PATRAI, Greece (AP)—Modern Greece's worst disaster continued today to give up its dead and injured in uncounted numbers as fresh earthquakes brought new landslides, fire and misery to three small Ionian islands.

Air-sea rescue units and supplies from many nations converged on the devastated islands of Zakynthos, Kefallinia and Ithaca. There still were no definite figures on the total number of casualties.

The Greek government said the death toll may reach 1,000 but an American observer who flew over the stricken areas yesterday declared that all casualty figures "appear to understate the situation."

**120,000 Are Homeless**  
Rescue workers counted more than 400 dead in only two communities. Hundreds of other persons were injured and almost all

the 120,000 population were homeless, many without food or water. Most of the injured were being treated in makeshift tent hospitals and in the open. Many, however, were brought to this mainland port, the nearest large Greek city.

Fires still raged through towns and villages on the stricken islands 50 miles off the west coast of Greece. Smoke and dust from huge landslides towered above their rocky hills.

Ships, planes and emergency supplies of food and medicine flooded in to the disaster scene from at least seven nations.

**Injured Being Evacuated**  
British, American and Israeli Navy ships joined Greek naval units in evacuating injured and carrying food, water and supplies to the survivors. Italy also readied a relief ship to sail for the islands.

The Canadian Red Cross announced that an emergency supply of 250 cases of clothing stored in Geneva, Switzerland, already was en route to the islands.

In Washington, the American Red Cross appealed for contributions to the Greek Red Cross. The U. S. organization also allocated \$40,000 for blankets and \$10,000 for drugs to use in alleviating the suffering.

## Feast Of Assumption Here On Saturday

Catholics in Adams County join those in the nation Saturday in observing the Feast of the Assumption of the Blessed Virgin Mary.

A holy day of obligation, it is one of the six set aside for the Catholic Church in the United States, on which Catholics must attend mass, in addition to regular Sunday attendance. Masses at St. Francis Xavier Catholic Church here will be at 5:30, 7:30 and 9 o'clock Saturday morning.

## \$2,000 DAMAGE IN FARM FIRE

Damage was estimated at \$2,000 as a result of a fire Thursday afternoon at the farm of Charles Stouffer, two miles west of Emmitsburg at Annadale.

John Hollinger, Emmitsburg fire chief, said a combination wagon shed and corn crib burned, destroying about 700 bushels of corn, a tractor plow, post hole digger and other machinery. Firemen saved about 800 bushels of corn from the blazing crib and also prevented the fire from spreading to the main barn adjoining the burned building.

The fire company was called at about 3:45 o'clock Thursday afternoon and spent approximately an hour and a half at the scene.

Hollinger said the cause of the fire was not determined. Members of the Stouffer family had no explanation of how the flames started. A member of the family glanced toward the shed and saw it in flames and the firemen were called.

Water was secured from booster tanks and from a mountain stream several hundreds yards from the shed. The loss was partially covered by insurance.

**SELL FARM**  
Clarence J. and Lovey L. Greenwald, Gettysburg R. 4, have sold their 97 acre-farm in Cumberland Twp., along the Table Rock-Gettysburg Rd., to Mrs. Miriam W. Prentiss from Datona Beach, Fla. Possession will be given August 24. The sale was made through John C. Bream and Son.

**Furnish Transportation**  
Transportation will be provided from Idaville for all children who will meet at Delp's Store at 9:30 a.m.; Gardner's Station, at 9:40; For a Dale Post Office, at 9:45; Faust's home in Biglerville at 9:45; Ardenville, at 9:30, at the home of Kenneth Leer or Mrs. Maude Walters; Mummaburg, at 9:30. ## Here And There News Collected At Random

In 1935 someone discovered an old, hand-stitched baseball and sold it for five dollars to a man with a dream. The ball was the rough, hundred-year-old ball used in some of the first baseball games ever played. . . . and the dream was of a baseball museum where the history of baseball could be preserved forever. From this beginning a group of dedicated men—including the top executives of modern league baseball—have built the famous Cooperstown (New York) National Baseball Hall of Fame. Here baseball fame is not fleeting . . . it lives forever. Here the men who made the game great and were made great by the game again pound the bat handle with rosin, grab some dirt in their hands and square away at the plate.

**On the first floor is the heart of the Hall of Fame, row after row, are the plaques with the names, records and bas-relief heads of America's greatest baseball players . . . the men chosen and elected to the Baseball Hall of Fame. Here, too, are the baseballs used in many of the major league no-hit, no-run games pitched since the Hall of Fame was built and scores of famous baseball trophies. The first floor houses Babe Ruth's locker, sliding pads of great base-runners and bats of great hitters.**

**On the second floor is one of the most complete collections of old-time baseball uniforms anywhere in the world. ## TO DEDICATE SPORTSMEN'S HAVEN SUNDAY

State Senator Donald P. McPherson Jr. will be master of ceremonies Sunday afternoon at dedicatory exercises to be held for the "Sportsmen's Haven," being constructed by the Blue Ridge Sportsmen's Association in western Adams County.

Scene of the dedicatory program will be on the association's "Haven," a farm adjoining the Culbertson farm, along the Sunshine Trail near the Little Pentagon at Fountaindale.

Two lakes have been constructed on the farm, one covering 2 1/2 acres, the other smaller. The larger is being used for boating, water skiing and similar sports. The smaller is being used for raising fish for stocking streams. The association received 15,000 cubic yards of fill from the U. S. Government's Little Pentagon project at Fountaindale to help construct the lakes.

**Many Weekend Events**  
Other improvements at the association's farm include a rifle range, ball field, and 2900 feet of new road, in addition to renovating the farm house there as a home for the organization.

The dedicatory program opens Saturday afternoon with a Pen-Mar Baseball League game between Blue Ridge Summit, sponsored by the association, and Union Bridge. A shooting match, an ox-roast dinner, a band concert and other activities are also scheduled for Saturday night. The Fountaindale Fire department is assisting in arrangements for the ox-roast.

## WOMAN ENDS HER OWN LIFE

The body of Mrs. Ruth Ellen Happel, Pennersville, Franklin county, was found hanging from a rafter in the cellar of the Happel home by her husband, George H. Happel, when he returned from a fishing trip near Thurmont.

He immediately cut down the body and applied artificial respiration in hopes of restoring life. When his efforts proved futile, he summoned Dr. Harry Youngs, Blue Ridge Summit, who pronounced the woman dead.

Mrs. Happel, who had been in ill health for the last three years, following a stroke, had knotted a rope around her neck, stood on a stool and tied the rope to the rafter, and then kicked away the stool, authorities said.

Several notes were left to her husband and members of the family. The unsteadiness of her handwriting was indicative that she was in a highly nervous state before her death.

Mrs. Happel was born at Pen Mar, daughter of the late John and Annie (Honodel) Hoover. Following her marriage she resided in Hagerstown. Fourteen years ago she married George H. Happel and moved to Blue Ridge Summit. She was a member of Harbaugh Evangelical and Reformed Church. She is survived by her husband; one daughter and four stepchildren.

**GERANIUM BLOOMS**  
Adams County soil is apparently good for growing geraniums. Mrs. Edward Rothenhoefer, Aspers, reports that she planted a geranium stock in partial shade this spring and so far it has had 32 large blossoms in a deep red shade and as many as a dozen flowers on the plant at one time. The geranium cutting was given to Mrs. Rothenhoefer by Mrs. C. E. Keefe, York Springs R. 2.

## WILL REGISTER NEW STUDENTS AUGUST 17-21

Beginning pupils, or pupils who are transferring from another school to any school in the Gettysburg Joint School System, are to register during the coming week at the local High School building, Superintendent of Schools Dr. Lloyd C. Keefeauver, announced today.

The office of the superintendent at the high school will be open from 8:30 a.m. to 4 p.m. each day from Monday, August 17, through Friday, August 21, for pupils to register for the coming year.

In addition the superintendent's office will be open from 7 to 9 o'clock Monday evening for those who cannot register during the day.

All pupils registering for entrance to the Gettysburg schools for the first time are to present birth certificates and certificates of successful vaccination.

**Estimated Enrollment**  
Estimated enrollment of beginners by districts was announced by Dr. Keefeauver as: Cumberland Twp., 45; Freedom Twp., 12; Gettysburg, 85; Highland Twp., 10; Mt. Joy Twp., 20 and Straban Twp., 40.

Dr. Keefeauver also announced that a meeting of all professional employees of the Gettysburg Joint School system will be held Saturday, September 5, at the cafeteria in the Gettysburg High School building at 10 a.m. All new employees who have not previously registered their certificates will register at this time, Keefeauver said. Other employees who have received advanced degrees or have advanced their certification are also to register such changes at that time, along with local and home address changes, and withholding tax changes.

**School Calendar**  
Gettysburg's joint school system will begin its school year September 8, Dr. Keefeauver said. Classes will begin at 9 a.m. and close at 2 p.m. on that day. The Thanksgiving recess will begin at 2 p.m. November 25 and end November 30. The Christmas vacation will begin December 23 at 2 p.m. and end January 4.

The Easter vacation will begin at 2 p.m. on April 14 and end April 20. The final day of school, when the students receive their final reports, will be held June 4, 1954.

## NORFOLK HIT BY SEASON'S 1ST HURRICANE

NORFOLK, Va. (AP)—The first hurricane of the season howled into Norfolk today after buffeting North Carolina's coastal regions throughout the night.

Striking Norfolk at 6 a.m., the hurricane moved steadily northward and headed for Southern New Jersey where it was expected to strike this afternoon. Storm warnings were displayed as far north as the Massachusetts coast.

The Norfolk Weather Bureau reported shortly after 6 a.m. that the winds had begun to diminish, dropping to an average of 35 miles per hour with top gusts of 56 miles per hour. The wind had reached its peak at Norfolk at 4:30 a.m. with an average of 53 miles per hour and a top gust of 76 miles per hour. At Camp Henry the average velocity was 55 miles per hour. The hurricane itself bears winds up to 80 miles per hour over a small area near the center and gales extend outward 140 miles.

**Power Lines Down**  
Arrival of the hurricane coincided with low tides in the Hampton Roads area. The Weather Bureau said the tides were only a little above normal and a minimum of flooding was expected. Heavy rain squalls developed at 3 a.m. and continued for several hours.

Police reported hundreds of power lines and telephone wires and a score of trees were blown down. One downtown store window was smashed and several signs were knocked down.

**90-Mile Winds**  
North Carolina fared worse under the beating of the wind, which reached 90 miles per hour, killing at least one man and injuring five other persons.

Power and communication lines were torn down, trees uprooted and broken, roofs and signs blown away. High tides and torrential rains flooded streets, highways and basements.

Forewarned, however, residents battered down everything that could be, evacuated the most dangerous areas and braced for the blow. Damage, as a result, was relatively light. Much of the North Carolina area swept by the storm is sparsely populated.

**DRIVER FINED**  
Harry R. Crawford, Abbottstown, charged with driving too fast for conditions on Broadway in Hanover Wednesday appeared in police court Wednesday evening and was fined \$10 by Burgess Horace J. Stine.

## NAB ANOTHER RED LEADER FOR "CONSPIRACY"

PHILADELPHIA (AP) — Another Eastern Pennsylvania resident, identified by the FBI as a Communist party leader, was under arrest today on charges of conspiring to teach and advocate the overthrow of the U. S. government. Eight others were arrested last week on the same charge.

The man, named by the FBI as Robert Klonsky, 35, a "long-time Communist underground leader," was arrested at Boston and held last night in default of \$75,000 bail.

Two others of the group arrested here last week were freed under \$10,000 bond each. And the man who posted bail for two of the three thus far released announced he has been subpoenaed to appear in Washington before the Senate Investigations Subcommittee headed by Sen. Joseph McCarthy (R-Wis.).

**Charge "Collusion"**  
Jack S. Zucker, who frequently has identified himself with activities of the Pennsylvania Civil Rights Congress ball fund, said the subpoena he had received demonstrates "collusion between the Justice Department and Sen. McCarthy to hamper the release of these defendants in reasonable bail."

Those released here yesterday in \$10,000 bail each were Walter Lowenfels, 56, and David Dubinsky, also known as David Davis, a local official of the United Electrical Workers Union (Ind.).

Originally they had been held in default of \$25,000 bail each. The lower bail was ordered earlier this week by the U. S. District Court.

**5 Others In Jail**

Five others of the group remain in jail because they have not posted bond. They are Joseph Kuzma, Benjamin Weiss, Samuel Gubjoff, Irvin Katz and Sherman Labovitz.

Klonsky, like the eight arrested earlier, is charged with violation of the Smith Act. He was arrested yesterday on a Boston street corner, under a fugitive warrant issued Aug. 5.

FBI agents said Klonsky denied at the time of his arrest that he was the man they were seeking. He said his name was Miller, the agent said, but later admitted his true identity.

## AUG. 25 FINAL DATE FOR DADS

HARRISBURG (AP) — State Selective Service Headquarters today advised Pennsylvania's local draft boards that evidence of fatherhood prior to Aug. 25 must be considered in classifying draft-age youths.

The Aug. 25 date was set by President Eisenhower as a deadline for consideration of parenthood as eligibility for deferment.

After that date, parenthood will be insufficient reason for deferment of induction into the armed services.

The advisory letter issued by state headquarters went to 175 local boards in the state.

Any man, it said, furnishing proof of parenthood or pregnancy of his wife prior to the Aug. 25 deadline must be considered for 3A classification.

That classification defers induction because of dependency or proven hardship.

## Elected Queen Of Sesqui Observance

H. A. Kottcamp, chairman of Chambersburg's sesquicentennial celebration, Thursday announced that Miss Irene McCleary a burnette, has been chosen Queen of the celebration. Second place went to Mrs. Jean Patterson Allen, who will be titled Duchess.

Miss McCleary polled 1,286,350 votes; Mrs. Allen, 1,065,350.

The Queen contest got underway four weeks ago. Candidates offered for sale strips of three tickets to the historical pageant, the "Heritage of the Falling Spring." A point system was developed so that the sale of tickets constituted votes for the particular contestant. The contest closed August 11 at 6 p.m.

**Viewing Saturday For Kranias Friends**

Friends of Ernest C. Kranias, local restaurant proprietor who died suddenly Tuesday evening in Milwaukee of a heart attack, may call Saturday evening after 7 o'clock at the Bender Funeral Home. The funeral will be held Monday at 3 p.m. in the Episcopal Church.

In addition to his wife and two children, Mr. Kranias is survived by his father, Elias, a Greek Orthodox priest of York Pa., and three brothers and sisters: John, Chris, George and Mrs. Basiliki Balaskonia, all of Greece.

Mr. Kranias was a member of the Gettysburg Lodges of the Moose, Elks and Eagles; the Ahepa Lodge of Harrisburg and the VFW Home Association.

Interment is to be made in Evergreen Cemetery.

## WARNED OF TYPHOON

NAHA, Okinawa (AP) — This great American island base dug in tonight for one of the wildest typhoons ever recorded in the Pacific, only a few hours away.

The Army ordered Condition 1 alert at 10 p.m. (8 a.m. EST) with the storm only about 12 hours away.

The typhoon's winds were howling up to 184 miles per hour.

## NORTHEASTERN COAST READIES FOR BIG WINDS

NEW YORK (AP) — The Northeast Coast "battered down the hatches" today in preparation for gale force winds expected to strike later in the day in the northern thrust of the season's first big hurricane.

Dangerous winds and abnormally high tides were predicted in storm warnings issued for the area from Cape May, N. J., to Cape Ann, Mass.

The New York Weather Bureau continued to display its storm warnings, but said there was a "slight indication" that the storm coming up the Atlantic Coast might turn out to sea earlier than expected. However, it said that if the storm continues its present course, strong to gale force winds will strike the New York area during the late afternoon or early evening.

**Winds Reach Resort City**  
Winds approaching gale force already were buffeting Atlantic City, N. J., and kicked up a strong surf that pounded the beaches at that resort. Heavy rain accompanied the winds, and dangerously high tides were expected.

The Coast Guard called off a search today when the 55-foot cabin cruiser Marwig, with four Lancaster, Pa., residents aboard, was found safe at Brielle, N. J. The cruiser was reported missing last night on a trip from New York City to Atlantic City, N. J. It put into Brielle, N. J., because of rough seas. Aboard were Mr. and Mrs. Harry H. Wiggins and Mr. and Mrs. Paul Hess.

Mitchell Air Force Base, on Long Island, shut down all of its air operations. Incoming planes were diverted to airports outside the storm area, and all of its planes that could not find hangar space were sent to Scott Field, in Illinois, to remain until the storm danger passes.

In Boston the Weather Bureau said gale force winds and abnormally high tides will strike Cape Cod and the coasts of Connecticut and Rhode Island tonight. It said that winds of 40 to 60 miles an hour, with gusts over 70 miles, are likely over the Cape Cod region tonight.

## 11 DIE IN ICE BOX IN 2 DAYS

Haverhill, Mass. (AP) — Two youngsters suffocated in a discarded ice box last night, bringing to 11 the number of children who perished in that manner throughout the country in two days.

The latest victims were Michael T. Rogers, 4, and Edward P. Ferguson, 3.

A search party found their bodies entombed in an abandoned ice box on a dump about 200 yards from the Haverhill homes of the youngsters' parents.

**Four Die In Richmond**  
Four children died in Richmond, Va., in that manner yesterday and five youngsters died in Proctor, Ark., Wednesday night.

About 200 policemen, firefighters and volunteers had searched for the Haverhill youngsters for about six hours before Lucien Duval, 33, an uncle of the Ferguson boy, lifted the ice box lid and saw the two unconscious toddlers.

Duval said tearfully: "I just got through reading about those other kids' dying in ice boxes, so a companion and I decided to take a look."

Firefighters tried desperately, but in vain, to save the boys' lives by artificial respiration and the administration of oxygen.

## 5 STATE MEN DIED PRISONERS

WASHINGTON (AP) — The Defense Department today identified 123 additional Americans reported by the Communists to have died in enemy prison camps in Korea.

The Communists told the United Nations Command in Korea that a total of 1,022 American servicemen died in captivity and that 147 escaped from Red prison camps. Today's list includes these men from Pennsylvania:

## Wife Murderer Is Given Ten Years

ANNAPOLIS, Md. (AP) — Francis Shaulis Jr., 31-year-old Harundale carpenter and bricklayer, today was sentenced to 10 years in the Maryland Penitentiary for the slaying of his 27-year-old wife, mother of five sons.

Shaulis' plea to serve his time in the Anne Arundel County Jail was denied by Judge Benjamin Michaelson.

Shaulis got the maximum sentence on the manslaughter verdict returned Monday night by an all-male jury.

The wife, 27-year-old Mary Anne Shaulis, was shot to death early in the morning of June 12 in the yellow cottage off Ritchie Highway. Shaulis fled in the family car with the five young sons.

## 13 Scholarships Of \$50 Awarded

OXFORD, Ohio (AP) — Thirteen young people entertained some 2,000 convention delegates of the Luther League of America last night, then discovered each had been awarded a \$50 scholarship to a Lutheran college.

Judges in Philadelphia selected the 13 entertainers as the best in "talent night" performances held by leaguers throughout the year. It was not until the grand talent festival last night, however, that the youngsters knew of the scholarship awards.

The week-long convention ended tonight. The league is the young people's organization of the United Lutheran Church of America.

## Robert W. Upton Named To Senate

CONCORD, N. H. (AP) — Gov. Hugh Gregg (R) today appointed Robert W. Upton, 69-year-old Concord lawyer to the U. S. Senate seat vacated by the recent death of veteran Sen. Charles W. Tobey (R). Upton, a Republican, will serve until January, 1955. The remaining two years of Tobey's term will be filled in the 1954 election.

A full six year term candidate also will be chosen in that election as Sen. Styles Bridges' term expires in January, 1955. It will be the second time in New Hampshire history that the state elected two senators in the same election.

## ATOM BOMBS, GARDENS TEAM IN LOS ALAMOS

LOS ALAMOS, N. M. (AP)—Uncle Sam gives the amateur gardener in this atomic city of 12,000 quite a start and holds no check rein if he wants to carry the landscaping further.

But woe to him who makes an unsightly mess—or to him who has no interest in his yard and lets it go to pot. After all, Uncle Sam owns this entire city—its a government reservation—and the taxpayers' investment must be protected.

"Uncle" has a way to apply pressure. The company that maintains Los Alamos can send notice to the tenant who strays from the norm, advising him to change his ways. And if he ignores the warning, the company can have a crew re-landscape the place and send him the bill.

The householder moving into the neat, modern homes gets a lawn and a half-dozen shrubs and trees at government expense.

"Gold Plating"  
But any "gold plate" landscaping, as Forester E. Shirley Bliss puts it, comes out of the tenant's pocketbook. Bliss explains that "gold plating" is addition of extra shrubs, trees, an outdoor fireplace, a flagstone garden walk or a flower or vegetable garden.

There was a time, about 5 years ago, before Bliss came here from the Forest Service, when the government put in some of those extras. But, besides being an unnecessary burden for the taxpayer, residents weren't very pleased with the "arty" arrangements. "They were too hard to mow around, for one thing."

The government plants grass and shrubbery that can stand the comparatively rigorous 7,000-foot climate—even provides the fertilizer to make them flourish. And it advises tenants what kinds of plants to buy if they want extras.

"Actually, it's practical to do the initial landscaping," Bliss said. "It controls flash floods and keeps down dust."

### SERMONS IN STONE

GLENWOOD, Iowa (AP)—You might say the Rev. Lawrence Murphy, Congregational minister at Glenwood, has a church wherever he goes—even though he's the pastor of only one.

Murphy's churches are a hobby. They are a collection of miniature churches he has carved from alabaster rock.

## Love Best Weagon To Fight Commies

SINGAPORE (AP)—If Christians in Southeast Asia wanted to defeat Communism they would have to "out-think, out-love and out-sacrifice" the leaders who offered Communism," a Methodist bishop declared here.

Speaking at the annual conference of the Methodist church in Southeast Asia, Bishop R. L. Archer said:

"We should seek, not so much to undermine and overthrow the Communist way of life, as to present the Christian way in such a manner that it will win the support of all who are interested in the uplift of mankind."

## VETERANS LEAD

(Continued from Page 1)  
of Dr. Milton S. Eisenhower, is currently endeavoring to raise \$5,000,000 for urgently needed relief and rehabilitation for 10,000,000 Korean refugees.

"The veterans organizations of Adams County have joined hands in an attempt to raise funds within Adams County for this purpose. Our tremendous contribution in the Korean war will not have saved these courageous people from communism if we leave them prostrate and destitute at this critical moment. The opportunity is ours to demonstrate that we are truly concerned about them."

"President Eisenhower and national leaders from every walk of life and representatives of all religious faiths and political beliefs urge the support of this campaign as worthy not only from its humanitarian aspects, but as effective anti-communist propaganda and as cheap insurance against the expensive costs of war."

"Any contribution you may see fit to give should be mailed to Paul Spangler, Treasurer, c/o The First National Bank of Gettysburg, Gettysburg, Pennsylvania."

## Lucky Co. Cabbie Unlucky Driver

PASO ROBLES, Calif. (AP)—Soldier Kenneth Etter of Camp Roberts needed a little extra cash so he got a job driving a cab in his spare time.

He had just taken off with his first fare when an automobile careened into his cab.

Uninjured, Etter declared he did not believe in names and promptly quit work for the Lucky Cab Co.

As constant as the stars that shine . . . like diamonds in the sky . . . my love for you goes on and on . . . and it will never die . . . unchanging as the ocean waves . . . that toss beneath the blue . . . the feeling never changes dear . . . that I possess for you . . . as faithful and as sure as dawn . . . my love will never wend . . . for it is deep as night itself . . . a night without an end . . . as steadfast and as firm as truth . . . and also just as sure . . . I'll love you dearest just as long . . . as my life will endure . . . what more is there that I can say . . . you mean so much to me . . . except to say it once again . . . I love you constantly.

## Luzon Memorial To Author's Son

MANILA (AP)—A grateful Filipino couple has erected a memorial marker at their own expense in honor of a U.S. Army World War II hero, Capt. James C. Fisher, medical officer of the 6th U.S. Rangers and son of Dorothy Canfield Fisher, noted American writer and her educator husband John Fisher.

Young Fisher was wounded by a Japanese sharpshooter during the Rangers' daring rescue of U.S. war prisoners in a central Luzon stockade at Canbantuan in 1945. Dr. Carlos Layug and his wife both physicians, attempted to save young Fisher by treating his wound, but he died.

When the Fishers learned that the Layugs had risked their lives to save their son they invited the Filipino couple to the U.S. to take post-graduate medical courses at Harvard university. The Fishers paid all expenses.

## Fire Preventers Collect Bottles

CHICKASHA, Okla. (AP)—Fire Chief Bill Suddarth has launched a new fire prevention campaign here to keep drought-parched yards and roadside area free from glass bottles.

He explained: "When the sun beats down on that glass, it acts like a magnifying glass. We believe this is the cause of many grass and brush fires."

## DEVOTED STUDENTS

PASO ROBLES, Calif. (AP)—An elementary school burned down while students were on vacation. The children instead of shouting with glee, hurried to the scene. Telling as flames approached they helped firemen and policemen carry out desks, books, supplies and equipment valued at many thousands of dollars.

Officials warmly praised the youngsters for their assistance.

## WATCH THAT FENDER

CHARLEROI, Pa. (AP)—Women drivers can be thankful to the Chamber of Commerce. The Chamber is completing construction of a municipal parking lot which will accommodate 900 cars.

"Our parking stalls are made with women customers in mind," said Alex Zelinski, head of the parking committee. "They will be about 50 per cent bigger than the average stalls."

(Continued from Page 1)  
Camp Harmony, near Harrisburg. Both camps are operated by the Pennsylvania Society for Crippled Children and counties are given quotas of handicapped youngsters that they may send each.

Mr. Hackman, chairman of the special project committee, reported that recent action by the Warner Hospital Board of Trustees to add a physical therapist to the staff there accomplishes the purpose of the society's project to establish a physical therapist here. There was discussion on the manner in which the society will participate in the program for making the therapist's services available to crippled boys and girls able to go to the hospital and to those who would have to be treated in their homes.

Shoes, Braces, Hospital Trip  
The directors voted to have shoes built up with cork soles so a crippled county boy will be able to start to school next month. The cost was estimated at \$20. Other bills approved or paid recently by the society included \$34 for transportation for a child to a hospital; \$85 for a special brace and authorized repairs to an artificial leg.

The election followed submission of a report by the nominating committee chairman, Mrs. Verna Myers. The election was by acclamation. Dr. Bartholomew presided at the meeting on N. Washington St. and 14 directors attended. Mr. Doud was recently elected to membership in the American College of Hospital Administrators.

## World Congress Studies Problems

BRUSSELS (AP)—The second world congress of sociology will be held in Liege, Belgium, from August 24 to September 1, 1953. The first such congress took place in Zurich, Switzerland, in 1950. Besides its normal administrative activities, the congress will hold seminars on group conflicts and their solutions, recent developments in sociological research, social stratification and social mobility and the activities and responsibilities of sociologists.

## MISTAKEN IDENTITY

PUEBLO, Colo. (AP)—The municipal employees' union asked the city council to arrange for some sort of uniform for prisoners in the "chain gang."

Union officials said the public thinks these prisoners are city employees. The "chain gang," which has no chains, is made up of prisoners assigned to outdoor jobs for failure to pay fines for minor offenses.

## LONGTIME RED UNDERGROUND LEADER NABBED

BOSTON (AP)—Robert Klonsky, 35, described by the FBI as a "long-time Communist underground leader in the Philadelphia area," today was under \$75,000 bail pending a hearing tomorrow.

Klonsky was arrested by the FBI on a Brighton Section street corner yesterday on a fugitive from justice warrant issued in Philadelphia Aug. 5.

The federal agents said Klonsky denied at the time of his arrest that he was the man they were seeking. He said his name was Miller, the agents said, but later admitted his true identity.

Active In Boston  
At his arraignment later yesterday, FBI agents said Klonsky has been "actively organizing for the Communist party for several months in the greater Boston area."

The agents said that before coming to Boston, Klonsky was "organizational secretary of the Communist party in Eastern Pennsylvania and Delaware."

After the high bail was set at the request of Asst. U. S. Atty. Edward D. Hassan, Klonsky declared: "The bail is too high. It is intended to grab the headlines. It is completely unreasonable. This bail is intended to influence hysteria in this country."

Hassan replied that "the U. S.

At another point, Klonsky's counsel, Gabriel Kantrovitz, labelled the bail "ridiculous."

Hassan replied: "May I assure the court that my brother lawyer doesn't know the first thing about this case. I suggest that counsel keep his mouth shut."

FBI agents said that before moving to Philadelphia in 1947, Klonsky was a Communist party organizer in New York since 1941 and that for 10 months in 1937 served in the Abraham Lincoln Brigade with Spanish Loyalist forces.

Klonsky served in the U. S. Army from June, 1944, to April, 1946.

FIFTEEN YEARS AGO

**Helen Dick Will Teach Art in 4 County Schools:** The election of Miss Helen M. Dick, Carlisle, as part time art teacher in four County schools was announced today. Miss Dick, who is a daughter of Mr. and Mrs. Edward L. Dick, is a former resident of Biglerville. She is a graduate of Biglerville High School in the class of 1929 and attended Beaver College, near Philadelphia, for a year and half. In 1937 she completed a three year course at the State Teachers College at Kutztown.

Her weekly itinerary will include one day's instruction at Arendtsville, one day and a half at East Berlin, a day at New Oxford, and a day and a half at York Springs.

**Citizens Sign Sewer Petition:** T. C. McSherry, president of the Littlestown Chamber of Commerce reported this afternoon that the petitions in circulation in Littlestown for the last 10 days asked council to construct a sanitary sewer system and treatment plant are receiving very favorable reception. The canvass of the town by members of the Chamber and others handling four identical petitions is expected to be finished by the end of the week.

On one main street of the town between 85 and 90 per cent of the assessed valuation of the property is favorably recorded on paper although all owners on that street have not yet been contacted, McSherry reported. The papers were placed in circulation following a mass meeting at which the town's opportunity to receive federal help through WPA or PWA was explained.

**Phyllis Weaner Wins Style Revue Medal:** State College, Pa., August 12 (P) — Girl 4-H Club members from all sections of Pennsylvania won gold medals today in recognition of their victories in a style revue in connection with the annual 4-H Club week. The winners included Phyllis Weaner, Bendersville.

**2 New Bank Clerks Named:** Mrs. William Shover, W. Middle St., and Miss Madelyn Culp, Chambersburg St., have accepted positions as clerks at the Gettysburg National bank and will begin their new duties about the first of September. One will be an additional employee and the other will perform the duties of Mrs. Robert Scheibel, the former Miss Mary Sponseller, Hanover, who will end her duties as clerk on September 1.

Miss Culp has been cashier at the Gettysburg Water Company for more than a year and a half. Mrs. Shover is resigning as secretary of Colonel J. L. Barton, executive director of the Adams County Board of Public Assistance.

**County Treasurer To Spend Week In Canada:** Adams County Treasurer Ray J. Kitzmiller and Marsby C. Little, assistant superintendent of the Public schools in Adams County, will leave Sunday for a week's fishing trip in Ontario, Canada. The county treasurer's father, R. Blaine Kitzmiller, who formerly held the county office, will be in charge of the court house office.

**1,000 to Harvest Peach Crop:** With earlier varieties cleared for the most part from the trees, the harvest of Adams County's big 1938 peach crop will swing into full stride next week with the ripening of the Belle of Georgia varieties and the first Hales and Elbertas expected by the end of the week.

Growers estimate that more than 1,000 men and women will find employment in the peach orchards and packing houses of the county during the next month as a crop conservatively estimated at 300,000 bushels is gathered.

Crop estimates run almost to 300,000 bushels with many growers anticipating a larger crop than last year when between 250,000 and 300,000 bushels were harvested for the biggest yield in the history of the peach growing industry in this county.

### TRIOBLE

"Now, as far as I can see, Trouble has been kind," said he; "Built me strong and kept me straight."

Saved me from a bitter fate. From the harm—as time should run—Ease and pleasure might have done.

"Looking back, this truth I've learned:  
Out of trouble pride is earned.  
What the hard way seemed to be  
Was the better one for me.  
Trouble left me tired and sore;  
Leisure might have hurt me more.

"Trouble gave me self-respect,  
Trouble kept my head erect,  
Held me fast from day to day,  
Giving me no time to stray,  
Saved me—rise to set of sun—  
From what leisure might have done."

## Today's Talk

By GEORGE MATTHEW ADAMS

### TIME-PIECES

I am wondering who first invented the clock, or time-piece. Perhaps it was someone who watched the shadows during the day, and so measured out the time, or he looked to the sun for information as it moved during the day. I have a very old sundial and it says on its face: "I measure only the sunny hours." Did these dials point the inventor to a time-piece that would also record the darkened hours?

Henry Ford became so interested in watches that he got every one he could lay his hands on, took them apart for his own amusement, and repaired many for his friends. It was what inspired him to finally take the bigger job of creating an automobile for the many.

Few things are so interesting as old time-pieces — clocks, watches, and those intricate big hall clocks that stood on so many stairs in the early days, both in England and America. I have one with mostly wooden works, and with the weights that set it going. In the Henry Ford museum at Dearborn, Michigan, are a large variety of time-pieces, well worth seeing.

Rare indeed is the home that does not have a clock in it, and rare is that man or woman who does not carry some sort of a time-piece. It took me a long time to come to the wrist watch, but now I feel lost without it! And now they have a watch that you don't have to wind! All you have to do is not to sit still and do nothing. And if you do your watch stops! So do you!

A famous maker of watches calls his "The most honored watch," but all watches are to be honored, if they are good. They keep us on our toes. They help us to conserve our resources and to respect time as the most valuable of possessions, and not to waste what never shall be ours again! I once heard a friend of mine say that he never carried a watch, that it was a nuisance. I did not argue with him. I just thought how much time he had lost. A good watch is what reminds us that time is so short at its most, and that we should lose no time.

Tomorrow Mr. Adams will talk on the subject: "In Nature"

**830 Bushels of Grain Threshed in Five Hours:** Threshing 830 bushels of grain in a little less than five hours Monday morning was the record made at the farm of Roy A. Weaner, Harrisburg Rd., by the machine of Maurice J. Felix, Gettysburg R. D. Felix said that was the greatest amount of grain he threshed in any morning during the 21 years he has been engaged in the business.

Threshing of the Weaner crop was finished about mid-afternoon with 1,070 bushels placed in bags in slightly less than seven hours and 45 minutes of work. Weaner reported 405 bushels of oats from about 10½ acres; 300 bushels of barley from six acres and 365 bushels of wheat from about 17 acres. The threshing was done in the barn of the Weaner farm. The position of the machine had to be changed twice during the day.

## U. S. AND BRITAIN STAND FIRM ON INDIA QUESTION

By MAX HARRELSON

UNITED NATIONS, N.Y. (P)—Both the United States and Britain stood their ground today in a split over the proposed seating of India at the forthcoming Korean political conference.

Indian sources conceded, however, that the United States appeared to have the most support among the 16 countries trying to work out a joint proposal on the composition of the conference.

Britain and Canada both feel strongly that India should be among those chosen to represent the world organization at the parley. Most of the others were reported either indifferent or on the side of the United States.

**Decision On Monday**  
The final decision, however, will be made by the 60-nation U.N. General Assembly, convening here Monday.

Cabot Lodge Jr. brought the split into the open last night, declaring that the U.N. should be represented only by countries which fought for it in Korea.

That would bar India, which sent only a medical unit.

**British Want India**  
Lodge insisted the United States has nothing against India, but feels the armistice agreement made it clear that the U.N. should be represented by countries who had armed forces under its flag.

The British declined to comment, but they were understood to feel strongly that both India and Russia should sit at the conference, along with those who did the fighting.

The British reportedly believe that India, which has close contact with Communist China and which authored the U.N. resolution on which the Korean armistice was based, would be a constructive force in the parley. The British also feel that exclusion of Russia would be "unrealistic."

**Allies Meet Monday**  
Lodge said he had no objection to Russia attending the conference if they sat on the side of the Communist belligerents—Red China and North Korea—and not with the U.N. representative.

Lodge acknowledged that the United States and its 15 allies had reached no definite decisions in their two long private sessions Wednesday night and Thursday. He said they would meet again Saturday morning.

## FRENCH STRIKE SETTLES DOWN TO BITTER FIGHT

PARIS (P)—France settled down today to a bitter struggle between striking labor and economy-minded Premier Joseph Laniel. With millions already off their jobs, the walkouts spread to civilian workers in the nation's arsenals, army hospitals and quartermaster outfits.

Only 80,000 workers were involved in the 24-hour walkout at the military installations, but they dramatized the unions' determination not to stop until Laniel abandoned plans to trim government payrolls and up the retirement age for the civil service.

With no end in sight, the nation's railroads were still paralyzed, her gas and electricity service diminished and her communication system tied in knots.

**May Be At Peak**  
Employees in these and other government services, more than a million workers were out for an indefinite period. Their ranks were swelled yesterday by more than three million others in numerous activities—public and private—who quit for 24 hours to support the civil servants' demands.

But yesterday's response to the strike call was only partially effective, indicating the wave might have reached its peak. Banks and

insurance companies remained open, as did department stores. The stock market functioned. So did most other private businesses, though all have been slowed by the lack of communications. Only in the metal working industries was the strike generally effective.

There still was no sign of any move to end the walkouts. The adamant unions already have widened their demands to include a call for a general wage increase. And Laniel, a hard-headed multimillionaire textile manufacturer, insisted he would not be pressured into revoking his cost-cutting decrees. The government made no step to even negotiate.

**U. S. Pitches In**  
U. S. Army and Air Force units in France set up their own "Operation Strike" to cope with the upheaval. They flung their own network of planes and buses across the nation, keeping food, mail and personnel moving to fill their forces' needs.

## Yankees And Brooklyn Win And Seem More Sure Every Day On Winning Loop Flags

By BEN PHLEGAR  
AP Sports Writer

It looks as if it's going to cost more to commute between the World Series ball parks this fall—but only because they've raised the subway fare in New York City.

After seven nickel series and three dime classics (the fare went up to 10 cents in 1948), this year's big show appears set to be a "token" affair. (Tokens replaced cash when the fares were hiked to 15 cents last month.)

Barring miracles the participants will be the New York Yankees, for the fifth straight year, and the Brooklyn Dodgers, for the second time in a row.

### No Help In Sight

The Chicago White Sox and Milwaukee Braves continue to put up game, but most probably vain, fights from their second place spots. The schedules and the standings are against both of them.

Chicago trails the Yankees by seven games and the two clubs play each other only five more times. Milwaukee is 7½ behind Brooklyn with just four games remaining against the Dodgers. For both would-be contenders this means they have to rely on help from the rest of the league and no such help is in sight.

The Yankees whipped Washington 6-1 last night after Chicago had turned back third place Cleveland 7-3 in a 10 inning daylight battle. Brooklyn came from five runs behind for the second straight game to edge the New York Giants 9-8 in 10 innings. Milwaukee wasn't scheduled.

### A's Beat Boston

In other action Philadelphia nipped Boston 1-0 and St. Louis squeezed by Detroit 1-0 in 11 innings in the American League. Cincinnati walloped Chicago 10-2 and Pittsburgh shaded Philadelphia 4-3 in the National.

Steady Eddie Lopat continued his mastery over Washington in posting his 10th consecutive victory against the Senators. The six-hit triumph was his 12th of the year and his fifth this season against Bucky Harris' crew.

Virgil Trucks pitched and batted his way to his 10th victory since joining Chicago in mid-June. After a home run by Cleveland's Larry Doby with two out in the ninth had tied the score, Trucks singled home the deciding run in the top of the 10th. Minnie Minoso led the 12 hit Chicago attack with a triple and three singles.

### Joe Coleman's Day

Joe Coleman gave up just three singles to Boston in winning his first game in Philadelphia in four seasons. Coleman also scored the only run of the game, riding home on Joe De Maestri's single after he had opened the sixth inning with a double.

The Browns got the lone run at St. Louis when Vic Wertz doubled and Vern Stephens singled in the 11th. Ned Garver absorbed the loss after giving up only three hits in the first nine innings. Marlin Stuart who replaced Lou Kretlow in the 11th, picked up the victory.

Roy Campanella of Brooklyn has hit 31 home runs this season but he hadn't connected in the Polo Grounds until last night. With two men aboard and the Dodgers trailing by four runs in the seventh Roy poked a Hoyt Wilhelm pitch into the lower right field seats. In the ninth with two out and the Dodgers still a run behind he lofted another Wilhelm delivery off the scoreboard in left field for another homer.

### Homers At Pittsburgh

Carl Furillo connected with Wilhelm's first offering in the 10th and drilled it into the upper left field seats for the run that won the game. Clem Labine, last of six Brooklyn pitchers, received credit for his second victory in the Dodgers' last two games.

Home runs figured heavily in the scoring at Pittsburgh, too. Frank Thomas blasted a pair for the winning Pirates and Earl Torgeson got one for the Phils.

Ted Kluszewski got four hits and four runs, Willard Marshall hit his 14th home run and the Cubs contributed four errors as Cincinnati routed Chicago.

### WINS LINDENHURST TROT

WESTBURY, N. Y. (P)—Queen's Joy, owned by Mrs. Catherine Peters of Schuylkill Haven, Pa., made a stretch drive to win the Lindenhurst Trot last night at Roosevelt Raceway.

Queen's Joy was almost collared near the wire by Torch Key, but Torch Key broke stride and finished second. Favored Invader Hanover was third.

The time for the mile was 2:05.4. Queen's Joy returned \$10.10 for \$2.

The league will operate with six clubs this season. They are, Cleveland, Pittsburgh, Hershey, Buffalo, Providence and Syracuse.

### ADVERTISE IN THE TIMES

## Gets 20 Hits But Lose Twin Bill

By The Associated Press

The Binghamton Triplets today looked back on a nightmare of slippery fingers and futile base running in the Eastern League. The Triplets posted 20 hits but erred seven times last night in losing a doubleheader to the host Elmira Pioneers, 3-0 and 6-1. The fifth-place club's twin victory boosted the idle Reading Indians' margin over the Triplets to two games.

The Indians were scheduled for a doubleheader at Williamsport, but rain and wet grounds gave them a profitable holiday.

In other action, the visiting Schenectady Blue Jays exploded for six runs in the eighth inning to defeat the Albany Senators, 9-4, while at Wilkes-Barre, the Barons twice defeated the Scranton Miners, 4-3 and 7-4.

## DOGS

by Tom Farley

### Advice To Dog Owners

If your dog is one of those strange creatures that loves every one in town except the postman, you will be interested in the explanation given in a pamphlet I picked up recently in my veterinarian's waiting room.

Prepared by the Pard Department of Swift & Company as a service to the vets, the booklet is called "Correcting Your Dog's Bad Habits" and is one of a series of five on various aspects of dog care and training.

The author says that it is just that the postman's silhouette looks strange to your dog. "A dog's eyes don't distinguish details unless they are very close—although they can spot a moving object at a greater distance than humans can. Therefore, many dogs become excited at seeing an unusual silhouette caused by a pack on a man's back or a uniform. The postman, poor man, usually has both and is the most frequent victim."

The effective cure is the obvious one. Make it a point to get the dog and the man together so they can become friends. After a few meetings the dog will associate the strange shape with someone he knows.

Other suggestions in the same booklet include cures for car chasing, barking, chewing, and jumping up, but the author points out that the best way to prevent bad habits is to teach good ones.

"No dog will jump up on you if he learned in puppyhood that he would be petted only when he was sitting down. And no dog will chase cars if he is trained to walk at heel. When he does wrong, it is usually just because he learned the bad habit before he knew it was bad."

Other booklets in the same series are titled "The Care and Training of Puppies," "Your Dog's Care and Breeding," "Your Dog's Obedience Training," and "Keeping Your Dog Healthy." All are authoritative and well written.

## ROTHROCK WINS TENNIS TOURNAMENT

By The Associated Press

YORK, Pa. (P)—Gil Rothrock of Harrisburg today was all-around winner of the 12th annual White Rose Tennis Tourney here following his win with Jack Calkins of Bradford of the doubles title.

On Monday, Rothrock won the singles championship by defeating Glenn Miller of Lancaster.

In taking the doubles crown yesterday Rothrock and Calkins, the top-seeded duo in the event, defeated John McCool of Hershey and Ray Stauffer of Harrisburg, 6-3, 4-6, 6-1, 4-6, 6-2.

## OLDTIMERS WIN BENEFIT GAME

By The Associated Press

The York Springs Oldtimers defeated the York Springs Bi-County League baseball team Thursday evening by the score of 7-2.

This was the first game of a series, the proceeds to be used to help defray the dental expenses of George Murtorf, a player who lost several teeth in a game this summer and which the maximum accident insurance does not cover. The remaining receipts will be used next summer to sponsor a Little League team.

Oldtimers Bricker and Pittenturf had the young athletes breaking their backs throughout the lively contest to the amusement of a good attendance of oldtime fans.

Practically the complete team that represented York Springs in the early thirties reported in an assortment of weights, uniforms and conditions. The Oldtimers started fast, scoring three times in the first inning and then slowed to a steady game.

Next week the two teams will tangle again on Monday, Wednesday and Friday.

## LIONS FAVORED OVER ALL-STARS IN TILT TONIGHT

By The Associated Press

CHICAGO (P)—If you came to a brick wall, would you bash your head against it trying to get to the other side or climb over it? The All-Star Football Game tonight is something of a parallel.

The Collegians, under Head Coach Bobby Dodd of Georgia Tech, are expected to try to beat the Detroit Lions' 1952 National Football League Champions through the art of passing.

### Expect 90,000

A crowd of some 90,000 will gather at the huge lakeside arena, Soldier Field, to watch the continuation of the series while uncounted others will hear it on radio (Mutual) or see it on television (Dumont). The kickoff is scheduled for 8:30 p.m. EST.

The collegians haven't won since 1950 when Eddie Le Baron and Charlie (Choo Choo) Justice went wild to steer the collegians to a 17-7 victory over the listless Philadelphia Eagles. The pros have won 11 times, lost six and tied twice in the series.

### Pros Always Favored

Tonight the Lions are rated by the sharps as a 14-point favorite. They have hardened players like Pat Harder, Bob Hoernschmeyer, Doak Walker, Bobby Layne, Cloyce Box and Leon Hart who can throw a scare into any opponents.

But there are others who think the 14-point spread is too severe. Never in the rivalry have the collegians been favored on official odds.

## FOUR TEAMS IN SEMI-FINAL OF LITTLE LEAGUE

WILLIAMSPORT, Pa. (P)—The semi-final round of the 7th annual Pennsylvania Little League Baseball Tournament opened here today with four teams of 8 to 12-year-olds battling for the state title.

In the opening game, Bethlehem and Camp Hill were pitted against each other with Lewisburg and Pittsburgh North Borough meeting in the second game.

Lewisburg won its way into the semi-final round yesterday by blanking Washington in a tight 1-0 contest before some 1,500 fans.

Bobby Kifolo, Lewisburg right hander, was the bulwark of the Central Pennsylvania team, allowing only three hits in the six inning contest. He fanned 10 Washington batters.

### Scores On Wild Throw

The winning run came in the first frame when Bobby Gordon led off with a walk. He scored when Johnny Pick placed a single inside the right field line and right-fielder Walter Watson's throw to the plate was wild.

Earlier, Pittsburgh North Borough won its semi-final berth by hammering Brookville, 7-0.

Most of the Steel City's scoring came in the fourth inning when it collected five runs off the hurling of Paul McAnigle. Matt Szykowny helped his own cause with a two-run double in the big inning. He allowed only three hits in giving up the sole run collected by Brookville.

Bruce Abel, who collected two hits in the game, also collected two runs batted in with a single in the fourth.

Bethlehem, in gaining a semi-final spot topped Corry, 3-2, Wednesday, while Camp Hill defeated Old Forge, 5-3.

Line scores:  
Pittsburgh 100 510-7 8 3  
Brookville 100 000-1 3 4

## AUTO HURLED 100 FEET AFTER CRASH; 1 KILLED

By The Associated Press

WILKES-BARRE, Pa. (P)—Mrs. Helen Ceaser, about 50, of R. D. 2, Mountain Top, was killed and two others were injured today when the car in which they were riding was struck by a truck and pushed over a 100-foot embankment on the Ashley plains.

The injured were Miss Louis Rinehimer, 25, and Mrs. Rose Kutzmonick, 25, both of Dorrance Corners. They were taken to the Wyoming Valley Hospital.

Hanover Township police said the three women were en route to Wilkes-Barre with Mrs. Ceaser driving when their machine was struck in the rear by a truck operated by Raymond Herr of Stroudsburg on Route 309.

The section where the accident occurred is presently under repair, a two-lane highway being converted to a four-lane road. On Wednesday afternoon, a huge truck plunged over the same embankment, injuring four persons seriously, after the vehicle's brakes failed in the descent from Mountain Top.

COLLEGE PARK, Md. (P)—The University of Maryland extension service says U.S. Department of Agriculture scientists are "tagging" insects with radioactive materials to chart their life history and travels.

The "hot" bugs can be detected with Geiger counters, even when out of sight—for example, under the bark of a tree. Charting insect travels help entomologists in control work, the extension service says.

### Sportsmen Drop Family Picnic Plans

R. J. Stonesifer, president, presided at the August meeting of the Littlestown Fish and Game Association, Inc., held on Wednesday evening in the Fish and Game club house, near town. It was announced that the annual family picnic planned for last Sunday had to be called off due to rain and it was decided not to reschedule the event due to numerous other activities.

President Stonesifer brought to the attention of the sportsmen that the boat on the Fish and Game farm pond is in need of repairs and he further appointed Charles W. Snyder, Harry O. Harner, Edgar H. DeGroft and William H. Renner to act as a committee to have the repairs made. It was decided to hold a corn bake in connection with the next meeting on Wednesday, September 8, at the farm. Glenn Bowers, Edgar H. DeGroft and Earl Brumgard comprise the committee on arrangements.

At the conclusion of the business meeting refreshments were served by Robert Spangler, James Duttera and Henry F. Storm.

### Stolen Car From Winchester Found

Littlestown Chief of Police Melvin H. Swab has reported that a car stolen in Winchester, Va., was recently recovered in Littlestown. The automobile, a 1952 two-door Studebaker sedan, owned by Stanley R. Koontz, Apple Pie Ridge, Winchester R. 2, was parked on August 6 in Winchester. The theft was discovered at 1:45 a.m. August 7. The stolen vehicle was apparently driven directly to Littlestown as it was seen being parked on Lumber St. on August 7 but was not suspected to be a stolen car until Thursday. The car is being held at the Village Chevrolet Garage, East King St., until the arrival of the owner. An investigation is in progress.

### Local Pastor Will Talk To Clubwomen

The Rev. William C. Karns, pastor of St. John's Lutheran Church, will be the guest speaker at the first fall meeting of the Woman's Community Club of Littlestown and vicinity on Wednesday, September 16, at 7:45 p.m. in the POS of A Hall, East King St. The Rev. Mr. Karns will address the group on the subject "Americanism."

A food sale will be held in conjunction with the annual garden display and sale. The program will also include the showing of slides from the club bus trip in June. Mrs. Harry T. Harner is chairman of the September program committee and Mrs. Roy D. Renner serves as chairman of the hostess committee.

## State To Notify All Firms Of Proper Procedure Under New One Per Cent Sales Tax

By BEN FRENCH

HARRISBURG, Pa.—The State Revenue Department today began notifying thousands of retailers just what they must do to comply with Pennsylvania's new one per cent sales tax.

Otto F. Messner, state revenue secretary, said he expects that all firms, which will be required to collect the tax, will be fully informed of the procedure by the time the levy goes into effect on Sept. 1.

The department is mailing registration applications together with instructions to 189,000 persons or firms listed as employers on records of the State Unemployment Compensation Bureau.

"Those who sell tangible personal property will be notified next week through the press where they can receive the registration applications in their areas if they are not covered in the initial mailing," Messner said.

Each retailer or other person selling taxable items is required by law to prominently display a certificate of registration in his place of business. There is no fee for the registration.

"Everyone will have the opportunity of securing the registration applications in plenty of time to meet the Sept. 1 deadline," Messner said.

The sales tax collection certificate will be non-transferable. If a retailer fails to obtain a certificate, it would not relieve him of the responsibility of collecting the tax.

Meanwhile, the department is

planning an education program through the press and radio, beginning next week, to explain which items will be taxed and which will be exempt.

**Exempts Food, Shoes**  
Broadly, the tax exempts sales of 10 cents and under and food for home consumption, restaurant meals, clothing, shoes, religious articles, and items already taxed by the state such as liquor, beer, cigarettes and gasoline.

However, there are a number of borderline cases.

In a letter accompanying the application forms, Messner explained that the certificates of registration will be mailed to retailers on or about Sept. 15 together with report forms covering collections for September and October. The first collections report must be returned by Nov. 20.

Thereafter, the retailer will make his reports to the Revenue Department once every three months. The merchant may retain three per cent of the sales tax collected, if the report is filed and the tax paid on time, as his commission.

"The tax shall be computed and collected on the basis of the total transaction without regard to the value or price of the separate items making up the total amount of a single sales transaction," Messner said in the letter.

**Must Keep Record**  
This means if a person buys a number of items totaling less than \$1, for example, he would pay only one cent tax instead of a penny

## FIREMEN STAR IN OWN MOVIES

SOUTH PORTLAND, Me. (AP)—It's not necessary to go to Hollywood to get into the movies. Just join the South Portland Fire Department. Every time the outfit tackles a fire, the department motion picture camera records every move made to subdue the blaze.

Then, like a football coach, Fire Chief Horace S. Jose runs off the film and shows his "team" where for each item over 10 cents.

However, the retailer is required to keep account of the total amount collected in tax pennies. He must turn over that amount to the state even if it totals more than one per cent of his total business.

The instructions warn that merchants are required to add the sales tax to the actual price of the article sold.

"It is a violation of the act for any retail dealer to advertise or represent to the public, in any manner, directly or indirectly, that he will absorb the tax, or any part thereof," Messner said.

there's room for improvement. Jose has filmed fires since he became chief 12 years ago. He estimates his celluloid library now contains 10,000 feet.

Jose says the films as a training device "point up the things we might otherwise forget when we come up against similar situations." He uses the flickers to educate the public, too. Jose and assistants have made up four "major productions" from their footage of city and forest fire movies, and show them to organized groups.

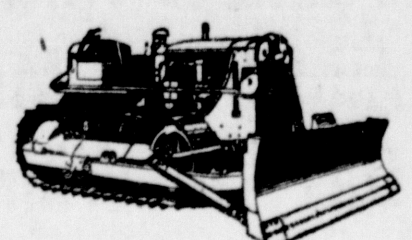

The youngsters see "Tony Learns About Fires." Maine's 1947 forest fire disaster hits the screen as "Then It Happened." Two other films deal

with carelessness and fire prevention.

Jose says the use of educational and action fire films has helped keep South Portland's fire loss low. Last year the city's fire loss was \$6,796. South Portland went from Class C to Class B rating on the safety charts and that portends a drop in fire insurance rates.

**W**E have just the place for you. If such is your desire.

It's at the wheel of a 1953 Buick with Twin-Turbine Dynaflow.

And we suggest you hold on to your hat and your heart when the action starts—for here's what happens:

You press the pedal and, from a standing start, you're up to a legal 30 mph before you have time to breathe but twice.

Or, you're in the thick of traffic—moving smoothly, easily, quietly. Then, when it's safe to do so, you move instantly into the clear with the greatest of ease—in one progressive build-up of velvet acceleration—without a single gear shifted or a clutch pedal pushed.

That, sir, is the big thrill command you get in any 1953 Buick SPECIAL, SUPER or ROADMASTER with Twin-Turbine Dynaflow.

For this fully automatic drive now has two turbines where one did the trick before. Two turbines for instant getaway response—with whisper quiet—and with infinite smoothness through all ranges.

Of course, a lot of able power goes with this smooth, quick getaway—the highest horsepower and compression ratios, Series for Series, in all Buick history.

And so does big room. And the supreme comfort of the Buick Million Dollar Ride. And the superb handling ease of finely

## FOUR ON LOST YACHT ARE SAFE

ATLANTIC CITY, N. J. (AP)—A storm-tossed yacht with 4 prominent Lancaster, Pa., residents aboard was reported by the Coast Guard today to be safe in Brielle after having been reported missing overnight as winds approaching gale force lashed the coast.

Coast Guard Chief John Edney said the 55-foot cabin cruiser Marwig, object of a search after it failed to arrive here last night, had put into Brielle due to rough weather and seas. Brielle is south of Asbury Park on the North Jersey shore.

Aboard the Marwig, when she passed under the Brooklyn Bridge at the start of the journey, were Mr. and Mrs. Harry H. Wiggins, owners of the craft, and their guests, Mr. and Mrs. Paul Hess, all of Lancaster, Pa.

Wiggins is an automobile dealer and prominent in the business activities of the Eastern Pennsylvania city. Hess is chief engineer of the Safe Harbor Water and Power Corp., operators of a giant hydro-electric plant at a dam on the Susquehanna River near the Pennsylvania-Maryland state line.

### ACCEPTS NEW POST

HARRISBURG (AP)—Leroy Baker, principal and vocational agriculture instructor at Berksburg High School, will become agriculture supervisor for Dauphin and Schuylkill counties on Sept. 1.

Dr. Francis B. Haas, state superintendent of public instruction, named Baker yesterday to the post, succeeding C. J. Kell, Harrisburg, resigned.

## Reds Ignore Allied Query On Whether They Hold U. S. Prisoners On Varied Charges

By WILLIAM C. BARNARD

PANMUNJOM, (AP)—The U. N. Command asked the Communists officially today if the Reds plan to hold back any Allied prisoners "sentenced to confinement for any reason" from the Korean War prisoner exchange.

Returning Allied POWs have said others were left behind, jailed on phony charges. There has been no official report of the number.

The U. N. C. made its first official demand for an answer in a meeting of the joint U. N.-Red repatriation commission at Panmunjom.

The Reds gave no immediate answer. Col. Louis C. Friedersdorff, chief allied representative, asked confirmation that the Reds would send back all prisoners who insist on repatriation.

### 406 Are Released

As the commission met, 84 Americans and 322 Allied captives rode eagerly from Red captivity to freedom at the exchange point here.

Both Reds and U. N. accused the other of holding back prisoners entitled to go home. And on the Allied side, there was an apparent conflict between Korean and Washington sources whether all eligible Chinese POWs already had been freed.

Returning Allied POWs have said some were left behind were jailed on phony Red charges. There has been no official report of the number.

### Get U. S. Threat

U. S. Secretary of State John Foster Dulles warned the Reds to send back every Allied prisoner and threatened to hold back some Communist POWs as a safeguard against any Red holdouts.

The Reds' Peiping radio in turn charged Dulles with "blackmail" and accused the Allies of illegally holding out 120 Chinese, Peiping said it has a right under the Geneva Convention to hold back any prisoners charged with an "indicable offense."

But the U. S. State Department denied the Red charge and said the truce agreement specified that

all POWs who want to return must be sent back with no exceptions.

The tense debate was snarled further by conflicting reports whether all Chinese who want to go home have been returned to the Reds at Panmunjom.

### Last Chinese Released

The U. N. Command said Thursday that its shipment of 222 Chinese that day was the last delivery of 5,495 Chinese scheduled to return.

However, Secretary of the Army Robert T. Stevens stepped from his plane in Washington after a Korean visit and said 250 Chinese

## MORE CAPTURED STATE SOLDIERS ARE RELEASED

MUNSAN, (AP)—The United Nations Command official list of American prisoners of war freed today in the 10th day of the Korean armistice POW exchange included these men from Pennsylvania and

Reds involved in crimes during their captivity might be held back. He said he understood that not all eligible Chinese POWs had been repatriated.

Asked to explain the apparent conflict, a N. N. C. spokesman said the POW situation and all related matters have been reported to "high authority in Washington."

He said any comment would have to come from Washington.

**Return To States**  
Meanwhile, more Americans repatriated in the early days of the exchange started for the United States and home.

A plane with 11 American repatriates aboard stopped for the night in Honolulu on the trip from Tokyo to Travis Air Force Base near San Francisco. All but one were sick or wounded.

An earlier plane, bearing 17 seriously ill repatriates, landed at Travis Wednesday morning.

And at the South Korean port of Inchon, 303 Americans boarded the transport Gen. W. F. Hase for San Francisco or Seattle. It was scheduled to sail by Saturday.

The transport Gen. Nelson M. Walker left Inchon Tuesday with 328 repatriates for the two-week trip to San Francisco.

Fifty more Americans are scheduled to be freed at Panmunjom in Saturday's exchange, along with 50 British and 300 South Koreans.

The 84 Americans who returned Friday brought the U. S. total freed in 10 days of the exchange to 907 of 3,313 the Reds said they held.

The Reds also returned 74 British, 1 Canadian and 247 South Koreans, eight of whom were litter cases although classed "able-bodied" by the Reds.

## DOCTOR FACES

## MURDER COUNT

LEWISTOWN, Pa. (AP)—A physi-

cian of nearby Milroy was in the

Mifflin County jail today on

charges of murder in the fatal

shooting of his 16-year-old adopted

daughter last Thursday.

Up until yesterday Dr. S. Law-

rence Woodhouse, 49, was in the

Lewistown Hospital recovering

from the effects of self-administer-

ed drugs he used following the

shooting of his daughter, Betsy.

Opl. Edward P. Rowan of the

Pennsylvania state police said that

before Woodhouse was taken to the

jail he was taken to his home.

There, Rowan said, Woodhouse re-

enacted the slaying in an upstairs

bedroom.

The girl was shot in the head by

a .22 caliber bullet.

Woodhouse termed the slaying a

"mercy killing," Rowan said. He

quoted the physician as saying the

girl, adopted 15 years ago, suffer-

ed a nerve and skin tissue ail-

ment.

Rowan added that Woodhouse

told him the disease had pro-

gressed "adversely."

The murder charge was filed

against the doctor earlier in the

week before Justice of the Peace

Oscar F. Brush of Lewistown.

## CHECKUPS BY INCOME TAX AGENTS BRING IN BACK TAXES

By JAMES MARLOW

WASHINGTON (AP)—If a man from the Internal Revenue Service knocks on your door, wanting to know if you filed an income tax return, it's because of a paragraph tucked away deep in the tax law by Congress 25 years ago.

It says: "Every collector shall, from time to time, cause his deputies to proceed through every part of his district and inquire after and concerning all persons therein who are liable to pay any internal revenue tax, . . . and to make a list of such persons."

When new men were appointed to top internal revenue jobs by the Eisenhower administration, they began rummaging around in the tax laws to see what they were supposed to do. And they came across the section just mentioned. One of these new men is O. Gordon Deik Jr., former banker and farmer.

### To Overlook No One

He said that under previous administrations in the past 25 years revenue agents have made this kind of survey in various places and at various times. But, he said, they didn't leave enough statistical information for the new people to decide precisely the best way to make the survey.

So the agency, headed now by T. Coleman Andrews, began making different kinds of surveys around the country. In one place they'd check householders, in another manufacturers or storekeepers. And they have been instructed to overlook no one, including gamblers, who might be liable for a federal tax.

This doesn't mean that eventually a revenue agent will call on every home or business. Not enough men for that. But already surveys have been started or completed in New England, Nebraska, Denver, Fort Worth, and Roanoke, Va. Others will follow.

**Some Stiff Criticism**  
Andrews complained in a speech Wednesday night that his bureau got some stiff newspaper criticism in New England when the survey began there late in July. His men, he said, had been accused of Gestapo tactics. He promised the gate for any agent who tried that.

News about this project has almost oozed out. When the New England survey began, the agency released information about it in New England only, not nationally. News about the other surveys has been made known in bits. Yet the agency plans in time to make these surveys more or less nationwide.

The law provides a fine up to \$500 and as much as two years in jail for interfering with an agent on this kind of survey.

**Asked About Penalties**  
But suppose an agent comes to your home, asking questions about your income tax return, and you (A) slam the door in his face, (B) tell him it's none of his business, or (C) tell him that, if he wants to learn anything about your in-

come tax relations, he can learn it at the nearest revenue office where you make your return.

In short, suppose you won't cooperate. Does the penalty apply to you?

When asked about this, Deik said he thought the penalty applied only to people in business when they interfered with an agent attempting to carry out the survey, not to householders.

If you refuse to cooperate with an agent who comes to your door—since he has your name and address—he can go back to the nearest bureau office and check in a minute on whether you filed a return.

### Getting Results

If you did file a return and cooperated with him to the extent of showing him your return—but the return reported an income too low to be in keeping with the apparent cost of your house and the car in your garage—the agent might like to pursue that a little further.

Andrews, of course, hopes his men will get nothing but cooperation. He says he's after cheaters because it would be unfair to people who honestly pay their taxes if he didn't try to find those who don't.

He said: "Preliminary reports indicate that a great many delinquent individual income and business tax returns are pouring into our field offices, along with the money due. It all adds up to the fact that we are causing a lot of folks to face up to their tax obligations for the first time."

### Suspect Arson In York Conflagration

HARRISBURG (AP)—Pennsylvania state police today continued to investigate the cause of a \$250,000 fire that blazed through two furniture stores and an apartment house in York early Wednesday.

Sgt. Jack Arms of the state police fire marshal's office reported yesterday that the fire might have been started by an arsonist.

The blaze "definitely started out-

## FARMERS VOTE ON WHEAT QUOTA

HARRISBURG (AP)—Pennsylvania wheat farmers went to the polls today to decide if they wanted marketing quotas set by the U. S. government for their 1954 wheat crop.

Some 18,500 commonwealth producers of wheat were eligible to vote on the question as part of a national referendum—the first of its kind since 1942.

To be eligible to vote, a farmer must have had at least 15 acres of wheat planted during the 1952-53 growing season. A two-thirds majority is required to approve the question in the nationwide test.

If it passes, the U. S. government will regulate the amount of wheat grown by farmers and give price supports of 90 per cent of parity—about \$2.20 a bushel.

If the wheat producers reject the plan, farmers who accept U. S. quotas will receive price supports of only 50 per cent of parity, or around \$1.22 a bushel.

The Pennsylvania Production and Administration Committee of the U. S. Agriculture Department said the result of the wheat referendum would not affect the commonwealth too much, as most state farms are of a general nature.

He added that preliminary investigations disclosed that the fire originated in a carton of rubbish in a narrow passageway at the rear of the building.

## LOTS OF MONEY BUT IT'S NO GOOD

PITTSBURGH (AP)—Money, money everywhere—but not a bit was good.

The money was old, worn and torn bills which the Pittsburgh branch of the Federal Reserve Bank had sent to the city dump to be burned. Some of the bundles didn't get burned.

A couple of boys rummaging through the dump came across the bundles and spread the word. Neighbors came running, picked up bills in \$5, \$20 and even \$100 denominations. Police finally were called to stop the gold rush.

"But the money's no good," said a kill joy bank spokesman. "Each bill has holes punched in it to cancel it. And in the future we'll make sure they're all destroyed."

### Will Re-Screen State Dept. Lists

WASHINGTON (AP)—Hundreds of State Department employees may be screened under new security standards, even though many of them already have been investigated.

Adoption of the new regulations was disclosed yesterday. They call for reopening of many old loyalty cases and full investigation of most employees not already thoroughly checked.

Department Security Officer R. W. Scott McLeod said recently he had found 2,000 cases in which there had been no investigation and

# SCRIBES DIFFER OVER QUIZZING BY M'CARTHY

WASHINGTON (AP)—Did Sen. McCarthy (R-Wis.) pose a threat to the freedom of the American press by his closed-door questioning of James A. Wechsler, editor of the New York Post?

A special committee of the American Society of Newspaper Editors (ASNE) spent more than two months studying this question—and failed to agree on a yes or no answer.

The committee's report, made public Wednesday, shows 4 of the 11 members called McCarthy's two-day interrogation of the editor "a peril to American freedom."

Opinion among the others, the report said, ranged through various degrees of concern all the way to the viewpoint that McCarthy's inquiries did no damage to press freedom.

## Wechsler Asks Study

The special committee, headed by J. Russell Wiggins of the Washington Post, was set up at Wechsler's request after the editor was questioned in detail about his past politics and other matters April 24 and May 5 by the Senate investigating subcommittee.

Wechsler contended the transcript, later made public, would show McCarthy, as chairman of the subcommittee, was trying to intimidate an editor whose newspaper had criticized him.

McCarthy denied any such intention. He said the questioning was justified because Wechsler had written a book circulated by the State Department in one of its overseas libraries, which the subcommittee was investigating.

Wechsler is an acknowledged ex-Communist. He told the senators he quit the Communist party in 1937 at the age of 22 and has opposed it actively since then.

## McCarthy Is Pleased

In New York, McCarthy said in an interview yesterday he was pleased that the ASNE committee has urged all editors to read the hearing transcript.

The full committee of editors agreed that hearings such as the one McCarthy conducted should be open to the press and public and advised all editors to seek legal advice on whether they should answer questions about their editorial and news judgments if they are ever called before any investigating body.

"If there is a genuine constitutional question here, then it should be raised and settled," said the report.

The Cape Hatteras, North Carolina, area is one of the main wintering places for migrant waterfowl.

### See How Much You Get At So Very Little Cost!

**PONTIAC'S GREAT POWER PLANT**  
This powerful, high-compression engine gives you more power than you'll probably ever need. Pontiac engines are famous for delivering years and years of wonderful miles with only routine attention.

**DUAL-RANGE HYDRA-MATIC** Lets you choose the performance you want, when you want it: alert response in city traffic or gas-saving cruising on the open road.

**122" WHEELBASE** No car so big is priced so low—and this long wheelbase means extra roominess and a more solid feeling of security.

**POWER STEERING** Parking's simple with Pontiac's Power Steering, which relieves you of almost all steering effort but at the same time requires absolutely no change in driving habits.

**BODY BY FISHER** Pontiac's de luxe interiors are keyed to body color. Appointments and conveniences compare with the finest. There's ample room to stretch out and relax.

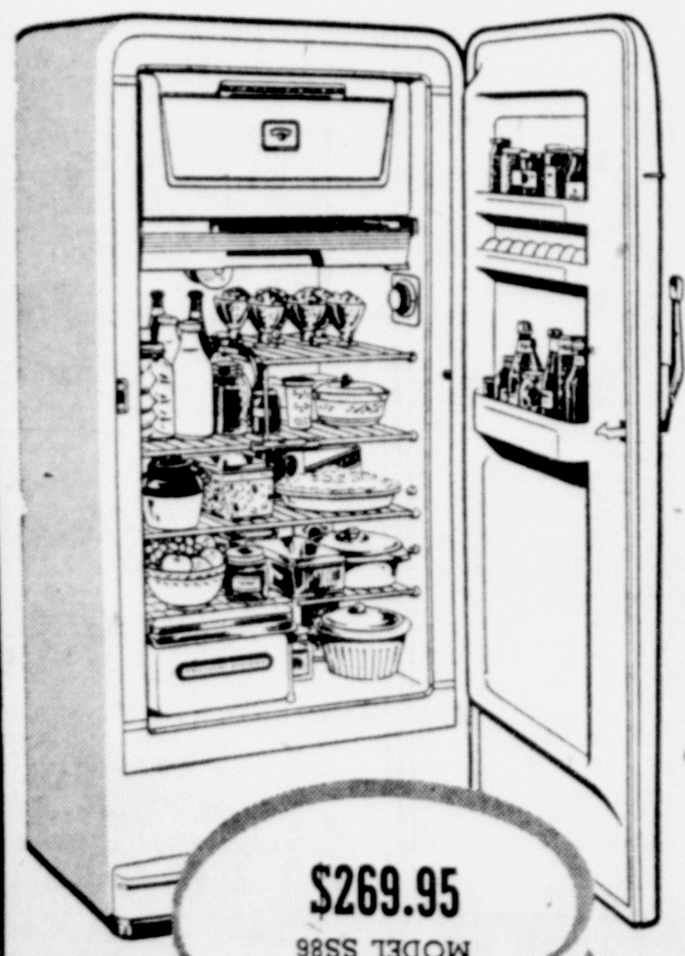

\*Optional at extra cost.

## 11 LIBERATED POW'S ARRIVE AT HONOLULU

HONOLULU (AP)—Eleven liberated American war prisoners landed at Hickam Air Force Base last night, homeward bound from North Korean prison camps.

They were aboard the second homebound POW plane from Japan since the exchange of prisoners began 10 days ago.

The group included two Hawaii boys who were swept into the arms of waiting families.

Seven of the men, looking thin and tired after their Red captivity, were carried off the plane on stretchers. Two Red Cross nurses draped flower leis on them as the litters were carried to a waiting ambulance.

## Jammed Door Stalls Firemen

GARDEN CITY, Kan. (AP)—Volunteer firemen rushed to the station house when the alarm sounded on the town's siren.

Cars pulled over to let the fire trucks by.

But the trucks didn't go by. They never left the station.

Neither police nor firemen could get the door open.

Just as the firemen prepared to ram the jammed doors with their trucks, a "never mind" call came through. The fire, in a parked car, had been put out by bystanders.

YORK, Pa. (AP)—Morris C. Dettler, 54, a York painter, was killed yesterday when a scaffold he was working on slipped its moorings, hurling him 40 feet to the ground.

Another painter, David Peck, 42, of Wrightsville, who was helping Dettler paint a house in downtown York, fell at the same time. He received a fractured right ankle and lost several teeth.

Peck was in satisfactory condition at York Hospital.

Harrison of Clovis, N. M., who lost a leg in the crash of his jet fighter in North Korea, hobbled off the big military transport plane on crutches. He looked tanned and strong. He is the highest ranking POW freed.

Aboard the plane were 23 other sick and wounded Americans, regular medical air evacuation patients and not liberated prisoners.

They were expected to leave for San Francisco late today.

## DO YOU KNOW THESE FIRE FACTS?

**FIRE WON'T ELIMINATE PESTS**  
such as chiggers — it sets the stage for more of them. And snakes usually find a way to escape when the woods burn.

## FIRE WON'T "GREEN UP" PASTURE

Some land is best suited for pasture; some is best for trees. Fire helps neither type.

You stand to profit by conserving your timberland resources. Exercise care and caution. Don't start woods fires!
